Gentlemen:

This refers to your letter dated March 6, 1985, concerning our December 31, 1984 and February 21, 1985 letters informing you that a \$120 fee is required for an amendment to Materials License 29-14814-01 to reflect your change of address.

Since Condition 10 of License 29-14814-01 authorizes use of licensed material at 53 Tobago Avenue, Toms River, New Jersey, your notification that you have moved from that address is subject to an amendment fee of \$120 as specified in our letters. If the change of address affected only the mailing address (Item 2), a fee would not be required. A separate fee was not assessed for your November 1982 move to 53 Tobago Avenue since the change in address was processed with your July 12, 1982 application for renewal, for which the appropriate renewal fee was paid.

Your notification of the address change will be forwarded to the Region I Licensing staff located at 631 Park Avenue, King of Prussia, Pennsylvania 19406 upon receipt of the \$120 fee. Payment should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention.

If you have any further questions concerning this matter, please let us know.

Sincerely,

Original Signed By
Glenda Jackson
