OFFICE OF SECRETARY  
DOCKETING & SERVICE  
BRANCH

Dear Sirs:

I am writing to give my support to the Clarification of  
Emergency Planning Requirements for Low Power  
Licensing.

I believe Seabrook has demonstrated over and over that  
it is of a quality design and construction. It has met  
regulatory requirements and has stood the test of repeated  
challenges by those opposed to Seabrook.

Nuclear power is a reliable source of energy and New  
England needs Seabrook.

Sincerely,

Dennis L. Coirl
