SUBJECT: CORRECTED NRC INSPECTION REPORT 030-19037/98-03 (FORM 591)

Dear Ms. Bellon:

This letter and the enclosed NRC Form 591 are being issued in order to correct an error noted in the original cover letter issued October 29, 1998. The letter erroneously referred to a safety inspection completed at your facility in Clarksburg, West Virginia. As previously discussed with you during a telephonic conversation on November 30, 1998, the letter was actually intended to refer to a safety inspection completed at your facility in Dunbar, West Virginia. The inspection included a review of activities authorized by Byproduct Materials License 42-19649-01.

Within the scope of this inspection no violations or deviations were identified; therefore, no response to this letter or the enclosed NRC Form 591 is required.

Should you have any questions concerning this letter, please contact the undersigned at (817) 860-8164 or Elmo E. Collins at (817) 860-8291.

Sincerely,

Jeffrey Cruz, Radiation Specialist
Nuclear Materials Inspection Branch
Division of Nuclear Materials Safety
