Docket No. 50-322-0L-3
(Emergency Planning)
(ASLBP No. 96-535-04-OLR)
March 7, 1988

BOARD ORDER

The Board, having received recommendations of the parties concerning the schedule of remaining emergency planning issues, herein rescinds that part of its February 8 Order prohibiting the filing of motions or requests for extensions of time.

Any motions filed concerning discovery extensions prior to this Order will not be considered by the Board. In view of the time previously available to the parties and the narrowness of the issues on the EBS, school bus drivers and hospital evacuation controversies, any additional requests must demonstrate with particularity and conciseness the necessity for any time extensions. A period until April 15 is authorized for discovery on the remaining eight "realistic" issues.
