Secretary of Commission
Attn: Docketing and Service Branch
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

Gentleman

I've Live in New England all my
Life. I have seen small towns turn into
Cities, Cow fields turn into Industrial parks,
Small building turn to Sky Scrapers, New England
Need Seabrook to make all of that work.

I Feel that the Evacuation plan is a great plan.
We had no Evacuation plan for the ship yard, or
Pease air base, that I was aware of. But Seabrook
plan would be used for any disaster. Seabrook
would be a great asast to the State of New Hampshire
and reigous.

Sincerely

Dennis A Schrempf
