PROPOSED RULE

PR 50

DOCKETED

Dear Sirs,

I am writing to express my support for the proposed rule change clarifying requirements for prompt notification for emergency agencies in the vicinity of nuclear power plants. The licensing process has long been abused to delay licensing of these plants. I do not believe the small risks associated with the operation of Seabrook Station warrant any further delay in licensing and operation.

Sincerely Yours,

Donald T. Flahardy  
Chester, N.H.
