OFFICE OF THE SECRETARY
DOCKETING & SERVICE
BRANCH

Dear Sirs,

I am writing in support of the proposed clarification of the emergency planning requirements for low power licenses.

As a lifelong resident of New Hampshire, I am concerned about the ability of utilities to provide an adequate supply of electricity to the region. It is unfortunate that narrow minded & self serving politicians from a neighboring state are jeopardizing the economy and the well-being of the people of New Hampshire.

Further, I am urging the commission to proceed as swiftly as possible in the complete licensing and operation of Seabrook Station.

Sincerely,

Richard J. Gagnon DS-10
