MEMORANDUM FOR: David B. Matthews, Director  
Project Directorate II-3  
Division of Reactor Projects -I/II

FROM: Lawrence P. Crocker, Project Manager  
Project Directorate II-3  
Division of Reactor Projects -I/II

SUBJECT: SUMMARY OF MEETING

I held a meeting on June 14, 1988, with J. Heidt, Georgia Power Company, to discuss the status of licensee actions related to the SIMS printout and the licensee response to staff questions related to Generic Letter 83-28. The meeting was in Rockville at 8:00 am.

We did go through the SIMS printout for the Hatch units to validate the entries related to licensee implementation dates. We also discussed the licensee's response to GL 83-28 questions, but were unable to resolve the issues due to the lack of availability of the technical reviewer. A follow-up meeting regarding GL 83-28 is now scheduled for July 19, 1988.
