El Paso, TX 79904

Dear Mr. Goetz:

This is to acknowledge receipt of your electronic correspondence to President Clinton on August 9, 1998, concerning agreements made with other countries regarding low level radiation. Your letter was recently forwarded to the U.S. Nuclear Regulatory Commission for reply.

A response is under preparation which will be forwarded to you shortly.

Sincerely,

John C. Hoyle

[Message Information]

PURPOSE: Ask a specific question regarding Administration policy
TOPIC: Government or Constitution
AFFILIATION: Veteran
SUBJECT: How is the agreements made with centries still broken like the indian treaties.

[Message]

Dear Mr. President

This is to ask a question and also I hope to enlighten you
that a very risky decision is being made now about Americans
word of honor. In the past we ignored our word and nearly
destroyed many civilizations (the Indians) now we are about to
put a low level radiation dump on the border of Mexico in
violation of our word.

The big question is first is it a treaty signed or an agreement? Second who enforces our word of honor? I feel you do. The veto is only way of stopping this poor act starting to make Mexico or the earth suffer.

a very concerned
american
Melvin S Goetz
