Division of Licensing and Regulation

AUG 3 1961

Leo Dubinski, Assistant Director
for Materials

Division of Compliance
STATUS OF ENFORCEMENT ACTION

VITRO CHEMICAL COMPANY

SALT LAKE CITY, UTAH

LICENSE NO. R-137

CO:ULB

Reference is made to report of inspection dated September 23, 1960, on subject licensee which was sent your Division by CO memo route slip dated September 26, 1960.

Please let us know whether enforcement action has been taken or is planned. ID will continue to defer scheduling a follow-up inspection until informed whether such action is planned.

Thank you for your cooperation.

by L&R 11/23/60.

Mines Development, Inc.
License No. R-174

) Hearing Pending

(continued)

Enforcement action has not been completed on:

Portable X-Ray
License No. 5-2087-2

LAR sent letter to licensee on November 4, 1960; CO informed February 1, 1961 by LAR that action has not been completed.

Vitro Chemical Company
License No. R-137

Memo dispatched to LAR from CO on February 7, 1961.

Layton Brothers
License No. R-104

Memo dispatched to LAR from CO on February 7, 1961.

Listing of Western Nuclear Corporation, License No. R-205, is inappropriate inasmuch as you were informed orally and by memo dated November 9, 1960 that no enforcement action was planned by LAR on the inspection report submitted under date of July 10, 1959. It was also agreed that your office would schedule a follow-up inspection on this licensee.

We believe you are currently informed with regard to the status and all correspondence with Vanadium Corporation.
