Gentlemen:

This is in response to your letter of May 15, 1975 commenting on the recent notification of the expiration of your Source Material License No. SUA-1034.

You are hereby advised that your December 1974 application for renewal of Source Material License No. SUA-56 which included a request for termination of Source Material Licenses SUA-582, SUA-1034 and SUA-1031 and incorporation of the activities covered by these licenses under the primary license SUA-56 has been deemed to constitute a timely filed application covering all of the subject licenses. Accordingly, pursuant to the provisions of 10 CFR 40.43(b), these licenses will not expire until final action has been taken by the Nuclear Regulatory Commission.

We regret any inconvenience the erroneous issuance of the license expiration notice may have caused you.
