Re: Docket No. 30-7022

Dear Mr. Shomaker:

Please accept this correspondence as a sworn affidavit offered on behalf of Radiation Technology, Inc. for the purpose of having certain information contained in NRC Inspection Report No. 30-7022/81-01, maintained as company confidential information.

In particular, the information contained in Section 7 Records of Receipt and Inventory of Licensed Material, Quantity and Current Activity is not the type of information that is customarily made public nor is this information available through normal channels. If disclosed, this information can be utilized by competitors as a means of obtaining an unfair competitive advantage over our company, since they would be in a position to infer processing times and hence cost associated with our work.

Should there be any questions concerning our request, please do not hesitate to contact me.

Very truly yours,

Martin A. Welt, PhD
President
