Dear Mr. Johnson:

Subject: Region IV Well-Logger and Radiographer Workshop

Please accept my thanks, on behalf of the NRC Region IV Office, for your participation in the Well-Logging and Radiographer Workshop in Tulsa on May 12, 1988. We consider the workshop successful, due to in large part to your discussion on "Industry Perspectives on Radiography Problems." We would be grateful for any suggestions you might have to improve future workshops on well-logging, radiography, or other topics of interest to NRC licensees.

Again, thanks for your help.
