Dear Mr. Campbell:

SUBJECT: Meeting Summary

This letter is to express my appreciation for the interest shown by you and Jim Levine, the ANO site manager, in briefing my Deputy, John Montgomery, and myself, on the progress being made on various management initiatives at Arkansas Nuclear One. Such management meetings as the one that we held at your request on April 26, 1988, substantially contributes to our general understanding of the schedule or progress being made by Arkansas Power and Light in executing and completing the programs designed to enhance the operations at Arkansas Nuclear One.

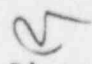

I look forward to further opportunities for such meetings in the future and, where appropriate, to expanded meetings between our respective staffs to discuss some of these matters in greater detail.

Sincerely,
