Dear Sir,

Being a citizen in favor of
Nuclear Power as a form of energy and
Medical Research. I applaud your intentions
for a ruling that would clarify the
requirements new nuclear power plants must
meet before the low-testing power is conducted.

Living in Massachusetts it dismay
me the way our Public Officials have
banded together to close down the Seabrook
Facilities at New Hampshire with a complete
disregard to alternative means.

Wishing you success in this endeavor
we remain your ~~devoted~~ ^{sincerely}

Lester A. Buttrick
