OFFICE OF PUBLIC
DOCKETING & SERVICE

May 31, 1988

Secretary of the Commission
Docketing and Service Branch,
U. S. Nuclear Regulatory Commission
Washington, D.C.

Dear Sirs - I am writing this letter to you as a citizen and an electricity user of Massachusetts. I have no interest nor own any shares, or stocks, in the nuclear plant in Seabrook, N. H. but I think this plant should be in operation and not stand ideal all this time.

I am writing to you to ask you if you cannot do some thing to get this plant in operation.

We need the power from this plant in this section of Upper England.

Hoping that your commission can and will do some thing to start this plant in operation, I beg to remain

Yours truly
Robert J. Leupold,
6 Leighton Ave. Clinton Mass.
