Dear Dr. Grace:

We are proceeding to address the items listed in the appendices to the subject Inspection Reports, but find that we will need additional time to put together a coordinated response for both of our stations. We have been heavily involved in preparation for drills at two of our sites this year, therefore we have not been able to put our full attention to this task. We have now completed the drills and will proceed to compile the requested response and forward it to you by June 6, 1986.

Very truly yours,

Hal B. Tucker
