SEALED SOURCE SAFETY SECTION  
Medical, Academic, and Commercial Safety Branch  
Division of Industrial and Medical Nuclear Safety, NMSS  
Washington, D.C. 20555

Subject: Quarterly Material Transfer Report

Dear Mr. Lubinski:

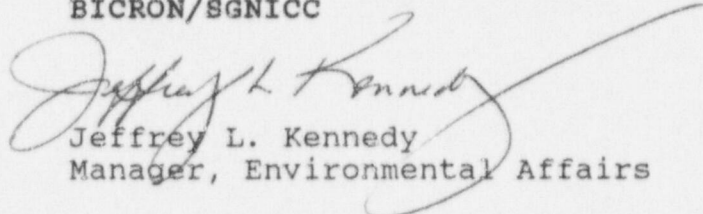

Enclosed is a copy of our 1996 Second Quarter report for transferring devices containing byproduct material to generally licensed persons.

All shipments listed in this report are approximately 1 microcurie C-14 sources contained in thermoluminescent dosimeter readers used to provide a stabilizing light source.

Additional copies have been sent to the appropriate Agreement States listed in this letter.

If you have any questions or require additional information, please do not hesitate to contact me at 216/349-6960, ext. 6594.

Sincerely,  
BICRON/SGNICC

  
Jeffrey L. Kennedy
