Subject: Correction to Measurex Quarterly Report for Q1 1996

Dear Director:

We have noted an error in Measurex's Q1 1996 report of devices authorized for distribution to General Licensees. Two sensors reportedly shipped to a Knauf Fiberglass facility in Indiana were actually shipped to the Knauf Fiberglass plant in the Agreement State of Alabama.

Please file the corrected report (attached). Measurex will also report this correction to authorities in Alabama and (as a courtesy) in Indiana.

Please contact me with any questions; I can be reached at (408) 725-3127.

Sincerely,
MEASUREX CORPORATION
