Attention: Rulemakings and Adjudications Staff

OFFICE OF SECRETARY  
RULEMAKING AND  
ADJUDICATIONS STAFF

Mr. John C. Hoyle, Secretary  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Re: PRM-50-63

Mr. Hoyle,

I would like the NRC to decide favorably the petition by Peter Crane for the stockpiling of Potassium Iodide (KI). Emergency responders have a stockpile available for themselves. Citizens should be able to use Potassium Iodide also. Many other nations already stockpile KI and the US should have no less protection than other nations.
