SUBJECT: NRC INTEGRATED INSPECTION REPORT NO. 50-325/97-08, 50-324/97-08

Dear Mr. Hinnant:

Thank you for your response of September 2, 1997, to our Notice of Violation issued on August 1, 1997, concerning activities conducted at your Brunswick Steam Electric Plant facility. We have evaluated your response to Violations A, B, and D and found that it meets the requirements of 10 CFR 2.201. However, based on my discussion with Mr. Keith Jury and other members of your staff on September 16, 1997, regarding Violation E, I understand that you completed revision of procedure OFPP-013 on September 12, 1997, and that we requested that you supplement your response to Violation C to include additional information which further clarifies corrective actions taken for this violation. The supplemental response will be due within 30 days of receipt of this letter. We will examine the implementation of your corrective actions for Violations A, B, D, and E during future inspections.

We appreciate your cooperation in this matter.

Sincerely,

(Original signed by P. Skinner for)
