Subject: Transfer of Generally Licensed Device(s) to a Specific Licensee

Per 10 CFR 31.5(c)(8), we are sending the following report to you:

This letter is to inform you that on December 2, 1996, we transferred the sealed sources for the following generally licensed devices to Panther Systems, a specific licensee of the State of Washington. Their license authorizes them (as the U.S. distributor of these devices) to receive these devices from us. They also performed the source removal and shipping. Their address is P.O. Box 5279, Vancouver, WA 98668-5279. Mike Stenbak is their Radiation Safety Officer.
