Subject: Docket No. 50-482: Clarification to Response to Notice
of Violation 9714-05

Gentlemen:

The reference transmitted Wolf Creek Nuclear Operating Corporation's (WCNOG) response to Notice of Violations 50-482/9714-01, 9714-03, and 9714-05. In responding to Notice of Violation 9714-05, it was stated that WCNOG had assigned a Security officer to Health Physics Access Control to verify that radiation workers entering the radiological controlled area were wearing the proper dosimetry. This letter is to clarify that a Security officer is assigned to Health Physics Access Control for the duration of the current refueling outage only.

If you have any questions regarding this response, please contact me at (316) 364-8831, extension 4000, or Mr. Richard D. Flannigan, at extension 4500.

Very truly yours,

 2006
