Subject: OGC Concurrence on 1/98 Whittaker License Amendment -Reply

As I read it condition 24 only applies to setting a date for submitting a decom plan. Since a decom plan has been submitted what purpose does it now serve to keep cond. 24 in the license. If it serves no purpose delete it. I assume that Region I is of the view that it has no further utility in the license. All other Region I suggestions are OK.

*Fonner stated, in a subsequent telephone conversation, that he did not need to concur again on the amendment request.*
