Re: Docket No. 50-133  
License No. DPR-7  
Addendum B to Proposed  
Change No. 17

Gentlemen:

Enclosed are three signed and forty-seven con-  
formed copies of Addendum B to Proposed Change No. 17 to  
the above-numbered license. This document contains pro-  
posed modifications to the pressure suppression contain-  
ment system of Unit No. 3 of the Humboldt Bay Power Plant  
to enable the system to handle a loss of coolant accident  
without effective operation of existing and proposed post-  
accident core cooling systems, together with related anal-  
yses and proposed changes to the Technical Specifications.

Kindly acknowledge receipt of the above material  
on the enclosed copy of this letter and return it to me in  
the enclosed addressed envelope.

Yours very truly,

*Richard H. Peterson*
