Re: Application to Amend USNRC License No. SMB-1507

Dear Mr. Hickey:

Mr. Anthony R. Zecca has been appointed to the position of Vice President and General Manager of the Vanadium Products Division for Shieldalloy Metallurgical Corporation (SMC) located at Cambridge, Ohio effective September 8, 1997. To ensure that on-going operations pursuant to the provisions of License No. SMB-1507, and USNRC requirements, the purpose of this letter is to request an amendment of the license to reflect this change in the SMC radiation protection program.

Senior Corporate Official

Overall control and authority for radiation protection at the Cambridge facility shall rest with Mr. Anthony R. Zecca. The responsibility of the Senior Corporate Official includes, but is not limited to, establishing SMC policy and preparing/amending the radiation protection program plan as required, and assuring that the capability of SMC radiation protection services are sufficient to meet the requirements of the radiation protection program plan and USNRC requirements. Mr. Zecca has the authority to dedicate corporate resources for the purposes of radiation protection and license compliance.

Please call me at (609) 692-4200 if I can answer any questions or provide you with additional information.

Sincerely,

Eric E. Jackson
President
