

JEANNE SHAHEEN
GOVERNOR

STATE OF NEW HAMPSHIRE

OFFICE OF THE GOVERNOR

October 22, 1997

Shirley Ann Jackson, Chair
United States Nuclear Regulatory Commission
Washington, DC 20555

Dear Ms. Jackson:

Thank you for your recent letter requesting New Hampshire's continued participation in the Nuclear Regulatory Commission's State Liaison Officer Program.

For the past several years, the Governor's Office of Emergency Management has been the communication channel between the state and the NRC. I wish to continue this practice. Therefore, I have designated Woodbury Fogg, Director of the Governor's Office of Emergency Management, as the State Liaison Officer. As you noted in your letter, George Iverson has recently retired. Mr. Fogg is his replacement.

I am confident that under Mr. Fogg's leadership, the Governor's Office of Emergency Management will continue to do an excellent job as New Hampshire's SLO.

Sincerely,

Jeanne Shaheen

CC: Woodbury Fogg, Director
Office of Emergency Management

Jeffrey Shaub, Director
Office of Health Management
