

MAR 11 1986

Dr. Anthony R. Buhl
I.T. Corporation
575 Oak Ridge Turnpike
Oak Ridge, TN 37830

Dear Dr. Buhl:

At the December 10, 1986 NRC/IDCOR technical exchange meeting, the NRC committed to supply a copy of the unquantified Peach Bottom containment event tree developed for the risk assessment in NUREG-1150. Attached is a draft version of the event tree. Please note that the document has not been fully reviewed by the management of the Sandia National Laboratory.

Sincerely,

151

Zoltan R. Rosztoczy, Chief
Regulatory Improvements Branch
Division of Safety Review & Oversight
Office of Nuclear Reactor Regulation
