

APPENDIX A

NOTICE OF VIOLATION

IBM Corporation
Princeton, New Jersey 08540

Docket No. 030-19837
License No. 29-17537-02

As a result of the inspection conducted on May 15, 1986, and in accordance with the NRC Enforcement Policy (10 CFR 2, Appendix C), the following violations were identified:

- A. Condition 12 of License No. 29-17537-02 limits the use, or supervision of use, of licensed material to two named individuals.

Contrary to the above, as of May 15, 1986, individuals routinely used licensed material without the supervision of those individuals named in license condition No. 12.

This is a Severity Level IV violation. (Supplement VI)

- B. Condition 17 of License No. 29-17537-02 requires that licensed material be possessed and used in accordance with statements, representations and procedures contained in application dated July 26, 1982.

Block 7 of this application identifies an individual as the radiation protection officer.

Contrary to the above, as of May 15, 1986, licensed material was used routinely when the individual named in block 7 of this application was no longer employed at the facility.

This is a Severity Level IV violation. (Supplement VI)

Pursuant to the provisions of 10 CFR 2.201, IBM Corporation is hereby required to submit to this office within thirty days of the date of the letter which transmitted this Notice, a written statement or explanation in reply, including: (1) the corrective steps which have been taken and the results achieved; (2) corrective steps which will be taken to avoid further violations; and (3) the date when full compliance will be achieved. Where good cause is shown, consideration will be given to extending this response time.
