Dear Mr. Goodwin:

As a result of the discussions during the January 9, 1998, meeting, we are reconsidering our request for additional information dated November 25, 1997, and you need not reply directly to that request.

The discussions during the January meeting revealed that our technical review would be better served by a direct site visit. As we have discussed subsequently, two of our technical reviewers are visiting your site this week. Based on the results of that site visit, we will reconsider the additional information needs. If we identify such information needs, we will communicate them to you in February 1998.

If you have any questions regarding this matter, please contact me at (301) 415-8116 or e-mail CEG1@NRC.GOV.

Sincerely,
