SUBJECT: PREDECISIONAL ENFORCEMENT CONFERENCE SUMMARY

Dear Dr. Abdulshafi:

On January 5, 1999, a representative of DAS Consult, Inc., participated in a telephonic predecisional enforcement conference with NRC personnel to discuss the apparent violation identified in NRC Inspection Report 030-33414/98001(DNMS). The conference was held at the request of the licensee.

The licensee was in agreement with the facts detailed in NRC Inspection Report 030-33414/98001(DNMS). In addition, the licensee agreed with the apparent violation identified in the report and presented at the conference. However, the licensee did not agree with the Office of Investigation's conclusion that the licensee deliberately violated NRC regulations.

As part of the licensee's corrective actions, the licensee representative indicated that all licensed material was transferred to an authorized NRC licensee in June 1998. In addition, the licensee requested termination of the NRC license in a letter dated August 24, 1998.

The attendance list is enclosed with this summary.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be placed in the NRC Public Document Room.

Sincerely,

/s/ P. L. Hiland for

Roy J. Caniano, Acting Director
Division of Nuclear Materials Safety
