Washington, DC 20555

This letter is to notify you of the return of a radioactive source to Measurex Corporation, One Results Way, Cupertino, CA 95014 (CA License Number 1663). The source is identified as follows:

Kr-85 sealed source, Model NER586, 0.53Ci (4/79)

The source was contained in a Measurex Model 2202 generally licensed thickness gauge which was distributed to us at an earlier date.

Regards,

Dear Mr. Davison,

This letter is to acknowledge receipt of the following radioactive source which was returned by Gencorp to Measurex Corporation:

One Kr-85 source, Model Number NER586, s/n KR491, 0.53 Ci (4/79).

This source was contained in a Measurex Model 2202 process control system. It is our understanding that the transfer of the Kr-85 source to Measurex is reportable to the US Nuclear Regulatory Commission and to the State of PA. A letter is attached which you may complete and submit to both agencies.

If you have any questions about this letter or any other radiation safety matter, please call me at 408-725-3158.

Sincerely,

Lisa Burns  
Health Physicist
