Amendment Request dated 2/4/86 Requesting Additional User - Dr. Liebman

SUMMARY

Request ask for user to be approved for Groups I+II only. Preceptor Statement documents experience to use Group II and III, not Group. I. Dr. Liebman verified that he would submit a letter stating that an error had been made on Suppl. B and 4 cases for "diagnosis of thyroid function" had been omitted. He wanted to be authorized to do thyroid uptakes only and Groups II and III.

A letter would be sent to clarify request.
