U.S. Nuclear Regulatory Commission
Region III Licensing Staff
799 Roosevelt Road
Glen Ellyn, IL 60137

To Whom It May Concern:

RE: Control Number 77294
Renewal of Materials License 24-01113-23
Monsanto Company/Environmental Health Laboratory

We are in receipt of the letter dated August 29 from Ms. Glenda Jackson informing us that an additional \$340 is needed prior to issuing our renewal application (copy enclosed).

A check will be processed as soon as possible and forwarded directly to Cheryl Phillips under separate cover. Because the expiration date of our current license was August 31, 1984, please inform us of our current status while this processing is completed.

Thank you.

Sincerely,

David J. Velasquez
