Mr. Hugh L. Thompson  
Director of Nuclear Material Safety and Safeguards  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Subject: TRANSFER OF VEECO INSTRUMENTS BETA-BACKSCATTER SOURCES

Dear Mr. Thompson:

One (1) Veeco Model HH-3 beta-backscatter source, Serial Number 77453, containing 7 uCi thallium-204 was returned to the manufacturer on 08 June 1993. The device was shipped to Veeco Instruments, Inc., UPA Technology Division, Terminal Drive, Plainview, NY 11803. As no replacement device is being obtained, this information is being provided to you pursuant to 10 CFR 31.5(c)(8).

Sincerely,

Eric Dennison, Industrial Hygienist  
Occu. Safety and Environmental Health, MDA  
Dept 064B, Bldg 004, MC-0012491, Sta 44005
