Dear Gentlemen:

This letter serves to notify you that two 100 mci Am-241 sources have been removed from the Filtec FT-50 level gauges at the Ponca City Lubricants Complex, Ponca City, OK, and transferred to the Hartford Lubricants Complex, Hartford, IL. The sources were removed, wipe tested, and packaged by Industrial Dynamics, the manufacturer of the sources. Both Filtec FT-50 machines were transferred along with the sources. A copy of all documentation regarding the transfer of sources is included for your review.

If you require additional information, please advise.
