Subject: Relocation of Radioactive Instruments

Dear Mr. White:

As we discussed on December 5, 1991, I have enclosed Varian's form for notifying the Nuclear Regulatory Commission of the change of location of the electron capture detector (ECD) (Ni^{63}) from our main office at Wayne, Pennsylvania to our Exton, Pennsylvania warehouse, both in Chester County. I have also enclosed similar information forms for the newly purchased Shimadzu ECD and the Asoma X-ray fluorescence instrument, as well as a general fact sheet.

If you have any questions concerning these instruments, please contact me at (215) 971-0900 [FAX (215) 971-9715].

Sincerely,

Deborah E. Kilmartin
