RE: INFORMATION REQUIRED BY 10
CFR 32.52 "MATERIAL TRANSFER
REPORTS"

Dear Sir:

This report contains information required under 10 CFR 32.52 for transfers of devices containing radioactive material to persons for use under the general license in 10 CFR 31.5.

During the second quarter of 1989, no "Heuft Gamma" fill level devices were transferred from this facility.

The "device" contains 50 millicuries of ²⁴¹Am; therefore, "0" millicuries of material in sealed sources were transferred during this period.

If any additional information is required, please contact me at (804) 582-1200.

Sincerely yours,

Edward M. Lewis
