NRC Docket Nos. 50-390, 50-391, and 72-1048

Subject: **TENNESSEE VALLEY AUTHORITY - RADIOLOGICAL EMERGENCY PLAN
REVISION**

In accordance with the requirements of Title 10 of the *Code of Federal Regulations* (10 CFR) 50.54(q) and 10 CFR 72.44(f), Tennessee Valley Authority (TVA) is submitting a description of changes to the TVA Radiological Emergency Plan (REP). The affected document is the REP Appendix C.

<u>Document</u>	<u>Revision</u>	<u>Title</u>	<u>Effective Date</u>
REP Appendix C	114	Watts Bar Nuclear Plant Radiological Emergency Plan	7/2/2020

Description of Changes and Summary of Analysis

REP Appendix C

TVA revised this REP as follows:

- Changed "EMTs" to "EMT" to note that only one Emergency Medical Technician (EMT) is required 24 hours a day.

The above changes were evaluated in accordance with 10 CFR 50.54(q)(3) and 10 CFR 72.44(f). TVA determined that the changes did not reduce the effectiveness of the TVA REP. The TVA REP, as revised, continues to meet the requirements in Appendix E to 10 CFR 50 and the planning standards of 10 CFR 50.47(b).
