Mark,

By letter dated July 20, 2020 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML20202A029), the Research and Production Company RadICS (RadICS) submitted 2016-RPC003-TR-001, Revision 2 P-A and NP-A, "RadICS Topical Report," for Nuclear Regulatory Commission (NRC) staff review.

A nonproprietary version of the topical report (ADAMS Accession No.: ML20202A030) has been added to the NRC Library in ADAMS.

Attached is the verification form for 2016-RPC003-TR-001, Revision 2, P-A and NP-A. This form documents the NRC staff verification review.

The -A version of the topical report incorporates the NRC staff's safety evaluation. Based on its review of the topical report, the NRC staff has determined that it is acceptable to the extent delineated in the NRC staff's original approval letter dated June 19, 2020 (ADAMS Accession No. ML20166A001).
