Re: License #06-20804-02G

Gentlemen:

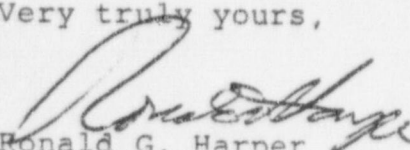

We have recently installed a computer system to process transfers of devices under the above license. The system was also expected to prepare the quarterly Report of Transfers.

At the present time, the system is not ready to prepare the report, and we anticipate additional programming to generate the report will take 45 days.

Please accept this letter as our formal request for a 45-day delay in the due date for the Transfer Report for October through December 1987.

Thank you for your attention and understanding.

Very truly yours,

Ronald G. Harper
President
