Gentlemen:

Tufts University hereby applies for renewal of license #20-02307-07, which expires on March 31, 1985. As suggested in the notice of expiration, we have thoroughly reviewed our current license to determine that it accurately reflects our current program and satisfies our current needs. We therefore wish to continue to operate under our current license, in accordance with the application dated December 1, 1978 and supplementary letter dated February 12, 1980. We will continue to operate in accordance with these documents, applicable NRC regulations, and license conditions.

With respect to the license fee associated with this application, Tufts University claims exemption from the fee requirement under 10CFR170.11(a)(4) as a nonprofit educational institution in which the material will be used for teaching and training purposes. Please don't hesitate to contact Frank Masse at (617) 245-6600 if further information is required.

Yours truly,

Sol Gittleman  
Academic Vice President/Provost
