Gentlemen:

We have reviewed your letter of April 25, 1986, which responded to our April 1, 1986, letter that transmitted Report 50-313/85-11; 50-368/85-11 and the five deficiencies identified therein. As a result of our review, we have discussed with your Mr. M. Tull (during a telephone call on May 28, 1986) the need for additional information. In particular, we feel that the schedule for completion of your corrective actions is not being provided in a timely manner and ask that you submit one as requested. We consider these deficiencies to be of such importance as to warrant quicker resolutions, and we consider October 1, 1986, as a reasonable date for completion of these corrective actions.

Please provide your revised schedule for correcting these deficiencies within 30 days of the date of this letter.

Sincerely,

"Original Signed by:"
