Reference: Docket No. 50-285

Dear Mr. Merschhoff:

SUBJECT: Request for Change in Operator License Condition

Omaha Public Power District requests that a condition be removed from the Senior Reactor Operator license of Mr. Eugene A. Riggs (Docket No. 55-40455, License No. SOP-43599). Mr. Riggs' license currently is conditioned to require "corrective lenses be worn when performing licensed duties." Mr. Riggs recently had radial keratotomy performed on his eyes and no longer requires the use of corrective lenses. The enclosed NRC Form-396 (original and 2 copies) therefore recommends that Mr. Riggs have no restrictions on his license.

If you have any questions or require additional information, please contact Mr. Dave Weaver at (402) 533-6056.

Sincerely,

S. K. Gambhir
