Dear Marvin M. Mendonca:

Thank you for your timely response to our request for license modification. We are gathering the additional information which you have specified in your letter dated, January 9, 1998. Your letter stipulates that we deliver the information within 60 days of that date. I write to request a 30-day extension to this deadline. The information is not difficult to provide; the extension is requested because we have been forced to focus our resources on other tasks at this time. We appreciate your consideration of this request.

Please note the change of address for the CENTER printed at the top of this letter.

Respectfully,

David M. Slaughter, Ph.D.
Director of CENTER
