OUTSTANDING SUBMITTALS LIST

Gentlemen:

Enclosed please find an updated listing of those items of correspondence with the NRC to which a written response is expected. The enclosure is tabulated chronologically by Georgia Power Company's (GPC) submittal date. GPC is prepared to discuss modifications to this status report and will promptly address any questions you might have regarding these licensing issues.

GPC acknowledges and appreciates the recent NRC efforts to complete licensing action on our submittals related to: hydrogen oxygen analyzer operation and the definition of "cumulative downtime."

If you have further questions, please contact this office at any time.

Very truly yours,

L. T. Gucwa
