EMERGENCY PLAN IMPLEMENTING PROCEDURE

EP-209 APPENDIX P - STAFFING AUGMENTATION - 60 MINUTE CALL PROCEDURE

PURPOSE:

This appendix provides the method of contacting key staff personnel who will, in-turn, notify sufficient support personnel to meet the one-hour staffing requirement. It is used if an Emergency Plan Alert, Site Emergency, or General Emergency is declared.

1. The following steps shall be performed, in sequence, by the Shift Clerk or other assigned personnel.

2. Inform each person contacted of the event classification and that 60 minute staffing is required.

3. Call pager number if the phone is busy, if there is no answer, or if you know that the individual is "on-the-pager". Individuals may, of course, supply temporary numbers which should be called first.

4. Contact two staff senior engineers. R. S. Fleischmann is contacted by the Communicator and counts as one contact. Do not call R. S. Fleischmann if the Communicator has successfully reached him. Attempt to contact the "Duty" and "Interim Site Coord." engineers first. If you are unsuccessful, continue to call or page personnel on the list until you contact two individuals who can be at the site in less than 60 minutes.

Name	Phone	Time Called	Disposition No Ans.-Busy-Contacted	Called By

5. Contact one of the representatives from the Personnel Safety Team listed below and request the call-in of required Personnel Safety Team members. Make the calls in the listed order unless individuals are known not to be available.

Name	Phone	Time Called	Disposition No. Ans.-Busy-Contacted	Called By
[redacted]				

6. Contact one of the representative from the Dose Assessment Team listed below and request the call-in of required HP, TAs and Technicians. Make the calls in the listed order unless individuals are known not to be available. This step may be omitted if A. E. Hilsmeier was contacted in Step 4.

Name	Phone	Time Called	Disposition No Ans.-Busy-Contacted	Called By
[redacted]				

7. Contact one of the representatives from the Chemistry Sampling and Analysis Team listed below and request the call-in of required Chemistry TAs and Technicians. Make the calls in the listed order unless individuals are known not to be available. This step may be omitted if Dennis Oltmans was contacted in Step 4.

[redacted]

8. Contact the on-shift Maintenance Sub-Foreman via phone [redacted] or plant page system and request a call-in of two maintenance mechanics (preferrably one electrician and one fitter or machinist) from their own support personnel call list.

   Maintenance Sub-Foreman _____

   Time Contacted _____ by _____

9. Contact the on-shift I&C technician via plant phone [redacted] or plant paging system and request a call-in of two additional I&C Technicians from their own support personnel call list.

   I&C Technician contacted _____

   Time Contacted _____ By _____

10. Contact one of the representative of the Engineering Support Group below and request the call-in of required Engineers and TAs call in the listed order unless individuals are known not to be available. This step may be omitted if A. A. Fulvio was contacted in Step 4.

Name	Phone	Time Called	Disposition No Ans.-Busy-Contacted	Called By
[redacted]				

11. Contact one PO or APO on list provided by SS/SSV and call-in for work as Radwaste Operator. (If the person is contacted, he is required to come to plant). This step may be waived by Shift Supervision if an extra PO or AP for Radwaste is already on shift.

    PO or APO Contacted _____ Est Arrival Time_____

    Time Contacted _____ by _____

12. At the discretion of the Shift Superintendent, call in a Shift Supervisor to act as OSC Coordinator. Use EP-209 APP. C for phone numbers.

    Supervisor Contacted_____ Estimated Arrival Time_____
    Time Contacted_____ Contacted By_____

13. Contact the Radwaste Supervisor or the Electrical Supervisor, as required, at the discretion of the Shift Superintendent for help in responding to the plant condition.

Name	Phone	Time Called	Disposition No. Ans.-Busy-Contacted	Called By
[redacted]				

14. Attempt to contact all other senior engineers listed in Step 4. Document in Step 4.

15. Notify Emergency Director (Shift Supterintendent) when notifications are complete and inform him of any discrepancies.
