Dear Ms. Garde:

Your letter of January 21, 1985 asked for our response to Mr. Tom Carpenter's letter of August 1, 1984. We have not responded to Mr. Tom Carpenter's letter regarding the disposition of a drug abuse investigation by some Comanche Peak Steam Electric Station (CPSES) personnel because we have not completed this action.

The applicant, together with law enforcement personnel, have not concluded their investigation of drug abuse at CPSES. The applicant's present schedule indicates that this investigation will be completed in March 1985.

Region IV will review the applicant's completed investigation. This review will evaluate the applicant's overall investigation and the related parameters.

I shall respond to your inquiry shortly after I have received and reviewed the results of the Region IV review and evaluation.

Sincerely,

Robert D. Martin
Regional Administrator
