Gentlemen:

Enclosed is a Corrected Copy to Amendment No. 06 to License No. 20-14597-01. You should review this license amendment for correctness and to assure that any changes in procedures required by the conditions are implemented.

We have corrected the date in Item 3 of the License from October 15, 1986 to October 15, 1985. We have also added the isotopes of Chlorine 36, Strontium 90, Technetium 99, Promethium 147 and Thallium 204. These correction have been made in accordance with a request by Mr. Nick Panzarino of your staff in a telephone conversation with Mr. Thomas Thompson of my staff.

We wish you continued success with your licensed program.

Sincerely,
