Subject: Addition to Commission Paper on LSS Rule

The draft Commission paper on LSS issues, (for which concurrence has been requested by tomorrow) should include a second "paragraph" in the "Purpose" section of the Commission paper:

"This paper also serves as the LSS Semi-annual Report for the period ending June 30, 1997, because all activities related to the LSS during that six month period were associated with resolving the issues covered in this paper."

A revised file reflecting this change is attached.
